

Fluid Pricing Sheet 2024

Part Description	Max Per Unit When No OE Part Number Has Been Given
Engine/Transmission/Differential Fluids	
Conventional Engine Oil (all weights)	\$7.13 per qt
Synthetic Engine Oil (all weights)	\$11.89 per qt
ATF - Base Dex III	\$11.68 per qt
ATF + 4	\$11.99 per qt
ATF Dex VI (synthetic)	\$12.82 per qt
ATF Mercon V	\$13.16 per qt
CVT transmission fluid (all types)	\$14.10 per qt
Synthetic Gear Oil	\$18.66 per qt
Conventional Gear Oil	\$12.91 per qt
Friction Modifier	\$10.59 per oz
Power Steering Fluid	\$9.16 per qt
Brake Fluids	
DOT 3	\$6.82 per 12 oz (1 bottle)
DOT 4	\$7.32 per 12 oz (1 bottle)
Coolants	
Regular (green)	\$17.82 per gal
Long Life (all types)	\$20.49 per gal
A/C Products	
R134A (Freon)	\$16.38 per lb / \$1.02 per oz
R1234YF (Freon)	\$100.33 per lb / \$6.27 per oz / .23 gram
PAG Oil	\$13.91 per oz
AC UV Dye	\$11.71 per oz
Flush Solvent	\$7.66 per oz
Washer Fluid	\$4.86 per gal
Engine/Transmission UV Dye	\$12.49 per oz
RTV Gasket Maker	\$13.37 per 3.5 oz (1 tube)

The above pricing is based off the average aftermarket cost for these parts, considering all these items are purchased by most shops in bulk quantity. If the repair facility does not have a factory part number for the fluid they are requesting, please follow the above pricing.
